

CARRIED BY ANGELS

Ees **B** **Aes** **Ees**
1. A bough became arid, a light has been blown out,
B **Aes** **Ees**
a star vanished from the firmament, a man left the crowd
B **Aes** **Ees**
taking the direction towards Eden`s park
B **Aes** **Ees**
into heaven`s brightness out of our dark.

B **Aes** **Ees**
Refrain: Carried by angels back to the roots,
B **Aes** **Ees**
where love is never ending, no grief, no bad moods.
f **Ees**
no travails, lamentation, just blissfulness rules,
Aes **B**
in confidence, harmony, no faint, which can fool.

2. May be, there were Problems and disputes we gave,
but here at the coffin, afterwards at the grave
all things are forgiven, forgotten, blot out.
No further dissensions we have to quarrel about.

Refrain: Carried by angels

3. Now we must say Good bye, we`ll stay back on earth,
struggling on the battlefield between death and the birth.
Let`s trust in GOD`S mercy, he will lead us back home
to the fields of blissfulness sheltered by the heaven`s dome.

Refrain: Carried by angels
