

I`M NOT THE PERSON WHO RECEDES

(D – major)

Preload: D G D G D G D G

1. Got no respect in goods and dress and
I just show refractoriness and
I know, they are not amused
I call in question purpose, use.

I often drop a brick.
I like to contradict.
about someone, who disagrees.
I`m not the person, who recedes.

2. If people talk a lot of nonsense,
If they thresh out the faults of persons,
But if I see them shutting their eyes
I will rise up and will try

I prefer silence, don` t take part.
I will lift up the red card.
for injustice, cruelty, need,
to improve, change and succeed.

Refrain: G D G A
 II : I`m not the person, who recedes : II

3. I don` t mind for bosses, leaders,
With promises, fears they want to feed us,
But they are just only human beings
can` t grant the real truth in their meetings.

for their opinion I don` t care.
just to convince they try and dare.
like me and you wanting to plead,
I`m not the person, who recedes.

4. The democracy shows damage
Only few get more and more rich,
And the governments is determining
But for exemption I am yearning.

by egoism, self conceit, might.
whereas the more can see no light.
each pace, each act, each deed.
I`m not the person, who recedes.

Refrain: I`m not the person, who recedes.....(fading)
