

DON`T BE AFRAID

(a – minor)

Prelude: a – e – G – D – F – C – E4 – E

1. If you`re surrounded by the dark night, or disappointed, at your wit`s end,
if you don`t know, what`s wrong or right, or illness tries your back to bend,
and do you stand near to the abyss, and recognize your power fades,
look for the light, which kills the debts, accept the message, heaven waits.

Refrain: Don`t be afraid, GOD comes from heaven, this proclamation brings this child.
He has endured the force of weapon, but world and heaven reconciled.
His hands were bound, he was castigated, was brought to trial, had been condemned,
with mortal dread been confronted, but overcame death at the end.

2. If you despair of destination, of dispensation, sense and fate,
if your remorse brings condemnation, and you begin yourself to hate,
if you feel lonesome and defrauded, and you don`t know your further ways,
listen to the angel, don`t ignore it, accept the words of GOD, he prays.

Refrain: Don`t be afraid.....

3. Don`t be afraid, this child brings peace and shows the path to heaven`s gate.
of every sin of us he frees and for your deliverance it`s not too late.
He knows the seamy sides of living; he knows your sorrows and your pain.
He teaches love, patience, forgiving, and that your troubles are not in vain.

Refrain: Don`t be afraid....

4. Even if you have some deep depression, and bad news dim your mind and soul,
if you feel resistance and suppression, and you can`t find the redeeming goal,
GOD is present, for you he`s waiting, and he gives joy, trust, love and light,
burden of debt obliterating, his arms he always open wide.

Refrain: Don`t be afraid....
