I THINK, THE TIME HAS COME TO SAY GOOD BYE

(e-minor)

Prelude: e-h-G-D-e e-D-a-e-h-G A-H-e

- **D4** e 1. It's time for me to go, to bow and say good bye, to thank you for all the years, which are gone, D **D4** for all the happy moments we were allowed to enjoy, for all the fantastic things, which we had done. **D4** When I reflect on the past, there were so many beautiful days, I can depart the world in gratitude, **D4** G D although fate has for me not always paved my ways, С G and there were also times of despair and bad mood.
- Life here on earth will fade once to change into another sphere. So, if I have to go, I'll give no comments. I will leave this place with joy and peace and without fear as a part of you. I say good bye, my friends. Now I'm standing here without to moan and to complain. I'm not afraid of my last attempt to breathe, in consciousness I'll go on, I leave this plane. The place, where I will put my feet, grants relief.

Interlude: e - D - C - DG - G - D - C - DG

3. I thought, I could fulfill my imaginations, propositions.
I still have plans, I want to build up things, to change.
But sometimes fate can thwart your decisions,
the paths, we have to, are often strange.
I wish perseverance and power for your further ways,
May the future not force you to fight and to defend.
You still have to stay on Earth and spend here a few more days.
