

I WILL NEVER GIVE UP

(d – minor)

Prelude: d – G – d – a – d – G – B – A4 – A – d – d

1. Well, you left me, a good time is over now.
The separation hurts, I never thought of such a thing.
I will overcome it , I will manage it somehow.
I had already bought an engagement ring.
Yes, I was sure that our relationship would never break,
but obviously I didn't notice the warning signs.
Despite the loss and the sad feelings which ache,
I know, that will go on, I will never give up.

2. I lost my job, they pretended, they need to economize,
overwhelming with exuberant praise
for my hard work, my diligence, to my surprise
with a fixed look and cold charm in their face.
Although, I was rarely ill, though I could carry off some cup,
and the results of all my efforts could be seen.
Probably my age, no more they didn't need my advice.
But I will never give up. I won't disappear from the scene.

Interlude: d – G – d – G – A4 – A

3. The Gods were furious, they made strong winds blowing.
There was no end, no land that I could see.
I got into hopeless situations, not knowing
where the journey is going, where I will be.
And no one there has ever been at my side.
Often I thought, I have to hand over my cup.
There were so many defeats, that hurt my pride.
But despite all injuries I will never give up.
