

LIKE A BLADE OF GRASS

(D - major)

Prelude: D - A - G - D - G - A4 A - D - D

1. Like a blade of grass, that bends,
I am someone, who sometimes bows
but who`s courage doesn`t forsake,

which the storm can never break,
to the fate, which brings ache,
filled with willpower, that never ends.

2. Firmly anchored and yet mobile,
if a storm rages for a long while,
I will overcome, whatever comes.

if ominous fate should touch me once,
when apparently nothing runs.
I don`t flee to a lonely isle.

3. Although there are no guarantees
and you can`t avoid hard times,
for survival I will strive,

in the ups and downs of life
I will never bend my knees,
any mountain I can climb.

Interlude: B - C - F - F - d - E - A A7 - D - G - A - h - G - A4 - A - D - D

4. I am strong, I can resist,
Nobody ever pushes me offside.
As long as hope still will stay,

nothing can really sweep me away.
I will fight with a clenched fist.
I`ll walk on upright with pride.
