

# OUR WISH FOR PEACE

( a – minor )

Prelude: a – d – F – G – D

1. Why are we not able for leaving wars and fights behind?  
Why do we kill and damn without receiving satisfaction and stay blind?  
Why don't we accept the lessons, we had to learn from the past:  
Thus death, blood and oppression over all the years could last.
2. What does a man move to hurt and to deny the dignity  
of others, to convert them, to suppress those, who want to be free?  
We all are sisters, brothers, we came from the same origin.  
Once we'll meet again all the others, when we turn back to the begin.
3. Why are the people broiling for goods, the truth and ways?  
Why are they quarreling, slandering, spoiling, spit into their neighbor's face,  
intensifying the borders, can't find the compromise,  
hiding behind some distinct orders or just ingenious lies.

Interpart: a – d – a – F – C – F – E4 E  
a – C – d – a – d – a – G – D

4. What still here on earth must happen, until we will understand:  
Every one's sword and weapon once strikes again his own hand.  
You never can succeed by breaking pride and will.  
Can our wish for peace we once here on earth fulfill?
