

THAT OUR LOVE MIGHT GROW

(D – major)

- 1. We are standing here , face to face,
in front of God at this holy place.
I want to share with you my further way.
On God and you my trust I will lay.**
- 2. My Dear, I found you as a heavenly present,
and I´m sure, that God his blessing will send.
Let`s not forget in the disorders of our life,
only with him real affection will survive.**
- 3. May our thoughts, feelings and acts be based on love,
esteem, forgiveness, like proclaimed from above.
Despite of all, whatever future brings,
Let`s always recollect on these important things.**
- 4. We all are living by God`s might and grace.
So may his love determine our ways,
which surely leads us to his holy place,
where finally his splendor we once can praise.**
- 5. We all originate from only one source,
which holds the whole creative force,
which penetrates our cells from tip to toe,
that our love and perception may grow.**
