

THE LOVE

(E-major)

1. It is unselfish, without pride and greed,
has in view the other`s sorrows, need
and when necessary, it will sacrifice
and against suppressions, distress will arise,
2. indulges troubles, scorn disdain and critique,
shuns hate, violence, little war and beats,
offers frankness, tries freedom to preserve,
esteems help in harm, wishes to serve,
3. looks at the other one as a part of all
that God created in the universe`s hall,
perceives in all things His creation`s might
and His love, His everlasting light,
4. does`nt give up, if it is displaced,
exercising forgiveness without distaste,
it is longsuffering, never demands,
does`nt sit in judgment on other ways and wants,
5. does`nt carry on a foul play with the hurt
of the men, for other troubles it`s alert,
acting in the background without zeal,
and it`s aim salvation to reveal,
6. a present sent by God`s great grace,
it will reach the only path to his face,
to the end, where all pains and hurts are cured,
the last instance : love plain and pure.
