

TILL THE NEVER ENDING END

(C – major)

Prelude: C - F - C - F

1. If you`re abysmal embittered,
and if trust and courage wither,
and if trust escapes from mind,

disappointed by your friend,
and if hate takes your command,
God is standing just behind.

Refr.: Take his everlasting love, friend,
He`s not far away above, friend,
and you`ll never lose your trace,

He just waits for your ascent.
He surrounds you, take his hand,
He is ruling time and space
till the never ending end.

2. And if questions, sorrow bother,
You`re abandoned by the other,
You feel loneliness, despair

and the future breaks away,
no one offers candid play,
God gives answer to your prayer.

Refr.: Take his everlasting love

3. You feel hurt by words and action,
and always fails a new connection,
and if your tears dump to the floor.

and there`s hate and disregard,
and you just seem to be apart,
Your cry for help he won`t ignore.

Refr.: Take his everlasting love

4. Well, rethink now and be clever,
You`ll be carried, led forever
Trust his well considered plans,

and lay trust upon his might.
by this warm and loving light.
take for your now this great chance.

Refr.: Take his everlasting love
