

WEDDING PRAYER

Preload: D - D2 - D - D - D2 - D - D - D2 - D

1. Here and now in front of the altar
we give the solemn word today,
that we want to stay together
to walk united our way.
Not as an oath, but as an endeavour,
the bond connecting our souls
shall not tear, well, and never
we will abandon the common goals.
2. With trust, forbearance, consideration
and in concord we`ll try to live.
GOD, give us insight, also patience,
if we are not ready to give in.
Give us empathy and prudence,
the willingness to stand back,
keep us on the ways we choose, and
stand by us in times of lack.

3. GOD, let your love always guide us,
let it flow into us like the seed.
Stay in difficult times near beside us,
and behind us, when we recede.
Father, grant your tolerant spirit
to guide us through the turmoil of life.
Let us not waste one instant, one minute,
as long as we`re allowed to be alive,
as long as we`re allowed to be alive,
as long as we`re allowed to be alive.
