

WHAT`S THE ROW?

(A – major)

Preload: A - D - A - D

1. We believed in our relation
Tell me, what went wrong with us?
We show scorn and aggression,
and both of us feel the passion

led by tolerance and respect.
There`s nothing left, which might connect.
and each word works like a sword,
to destroy and cut the cord.

2. We never would cave in,
Indulgence can never win,
And where is reason, understanding,
No one will give up his knees bending,

yes, we wear a heart of stone.
dislike determines the tone.
we don`t talk with kindly words.
we only use the speech, which hurts.

Refrain: What`s the row? What went wrong?
We are done for, did we stay to long?

Why do we act with such a hate?
For reconciling it`s too late.

3. I`m not able to explain it,
Why did we get so hardened
No one is willing to recede,
don`t care about the other`s need,

the reason, why we both have failed.
by all attacks, contempt prevailed?
arrows with poison we spread out,
no normal themes, just problems we talk about.

Refrain: What`s the row? What went wrong?.....
