

# ON THIS SPECIAL DAY

## Prelude:

fis - E - D - A - D - E - A - A2/A4 - A

1. On this special day, that GOD created for you,  
I feel gratitude for all the time you were near.  
Although we're old, and our skin got folds too,  
our mind stays young, it still works and is clear.
2. I admire your confidence, your courage and your mercy,  
also your devotion, on which I can count on.  
And all your care, engagement, work are worthy  
to say thanks for all, whatever you had done.

Refrain: I love you, Dear, although I rarely show it,  
may be in my own way, without explosive load.  
You are the only one whom I adore, and I know it:  
we are created for each another, walking on the same road.

4. I thank you for your concern, your help, for inspiration,  
for supporting me with all your strength and love.  
And that there was nothing, that led to separation,  
is gift from heaven, from above.

5. I love you, Dear, I'm glad, that I have found you,  
that until now you have remained by my side.  
You've influenced my thoughts and acts, my whole life too.  
So thanks to you. GOD bless you and grant delight.

So thanks to you. GOD bless you and grant delight.
