

THANK YOU

Prelude: C - G - F - C - F - C - G4 - G - a - F - G - a - F - CG - C - C

1. You stood up for our aims, diligently, in modesty
You worked hard for your friends for several hours,
fulfilled all the tasks you obtained never asking for salary.
You were struggling with perseverance and with power.

2. Although problems, difficulties arose and the mountains seemed to grow,
and the path we had to walk was rough and stony,
you spread confidence and proposed different ways we could go,
and you never left us feeling lost and lonely.

Interlude: F - C - FG - C - F - C - C - C - G - a - F - G - a - F - C - G - C - G

3. Rarely you can find such guys with a character like yours,
never doubting, never moaning, someone you can rely on.
For your commitment, your advice, all your statements, clear and pure,
we say "Thank you!". Our friendship bond is stronger than iron. Aes - f - CG - C - C
