

GOD, SHARPEN ALL OF OUR SENSES

(G - major)

Preload: G2 - G - G2 - G - G2

1. Now don't think about tomorrow
and forget all grief and sorrows
Just as the brightness of the sun's rays
good thoughts drive away all the nightmares,

at this beautiful sunrise.
for all wonders open your eyes.
replaces the darkness of the night,
and fill our minds with light.

Refrain: GOD, sharpen all of our senses
that enrich our lives, to enjoy the glances
of all what the day will bring.

2. Think of all the unforgettable hours
Look at the splendor of all the flowers,
Breathe in the silence of a forest,
A walk can be much more than
we were able to spend with friends.
see the variety that never ends.
refresh yourself in a cool creek.
short moments of rest that we seek.

Refrain: GOD, sharpen all of our senses

Interlude: G - G - C - G - h - e - a G - D - D

Refrain: GOD, sharpen all of our senses

3. Enjoy the star-drenched, clear night
Be enlightened by the sunlight
and be thankful for common grounds
for all the support we often found,
that is lost in infinity.
and admire nature's curiosity.
that can unite us, for your friends,
for GOD's grace that never ends.

Refrain: GOD, sharpen all of our senses
