

LOOK AROUND

Prelude: D - A - G - D

- D A G D
1. Look around, everywhere you see war and fight,
G D e A
everyone is of the opinion, that they are right.
A h G
Nothing is veracious, all the same, which aim we`ll trace,
e A D
if for charity there`s no place.
2. How many times GOD`s words had been misused,
people kill and torture, human rights are refused?
How many souls had been sacrificed by sword and flame,
by people acting in GOD`s name?
3. But GOD`s message can`t be transformed for one`s own aims,
it can`t be falsified to justify one`s own claims.
Even if we ignore it, forget it or resist,
GOD`s love will forever exist.
4. Everywhere naked madness, you can see fighting down to the knife.
Egoism and pitilessness determine our life.
We ignore, GOD created diversity.
It`s just our own ideas we want to see.
5. But GOD`s message outlives time and space.
It never yields, can`t be deformed, it`s a sign of GOD`s grace.
Let`s hope that at some point we`ll realize the words he sent,
that only love will lead us to the end.
