

# SKY AND HEAVEN

Prelude: Ees – Aes – Ees – B – Ees – Aes – Ees B – Ees – Ees2 Ees

Ees Aes Ees  
Don't regard the blue horizon  
Aes B Ees  
that stretches into infinity,  
c Ees  
don't be impressed by the huge, dark night sky,  
f Ees Des  
where countless stars you can see,

f Ees Aes  
not the space, where God's are ruling,  
f B Ees  
inaccessible for us, far away,  
Aes B Ees  
not the area, where water is cooling,  
c Ees  
where rain and storm make their way,

Aes B Ees  
don't look for the sphere, that's hidden,  
Aes B Ees  
that you must worship, appease or fear,  
Aes B c  
but mind the holy words that are written:  
Des B4 B  
"Love your neighbor!", then heaven is here,  
Aes B Ees  
"Love your neighbor!", then heaven is here.

Afterlude: Aes B - Ees - Aes - Ees  
Aes - Ees - Aes - Ees - Aes - Ees
