

DON`T GIVE UP

Vorspiel: E - A - H4 - H - E - A - fis - H - E - A - H4 - H - E - A - fis - H

1. You feel hurt, you cannot find your rest.
You thought your suggestion was the best.
But they refused and slammed the door.
They ignored all the many things that you fought for.
2. You struggled, strained, and trained every day,
Every free minute you ran the same long way.
But there was someone who was a little faster than you.
He won the race and the price money too.

Refrain: None of us are always successful in anything.
Nobody can know what outcome the future will bring.
Everyone has to face disappointment and defeats.
Fate is not always based on our needs.
Failures can also inspire and encourage growth.
so don`t give up, learn from fate`s heavy blows.

there was someone younger, better, that you were too old.
