all the destructions and acts of violence

to a loss of humanity and confidence.

that we humans and GOD are one,

all the misdeeds and hurts we have done,

have actually only led to loss,

Destiny burdens many of us with a cross.

Success in life is just short-lived,
Free thoughts, you know, are gifts, it
When bombs and guns once fall silent,
then peace will overcome the violence.

if you try to narrow the mind.
is impossible urge for freedom to bind.
acceptance and tolerance prevail,
It shouldn't remain a fairy tale.
