

LET ME CARESS YOUR TENDER CHEEK

(C-major)

Prelude: C – F – a – F – C4 – C

- 1.** Since we had met I feel a crawling in my breast,
when you are near to me. I see, you also feel no rest.
When your fragrance fills the room, I can get no release.
I need you like my breath,
I hope we`ll never get apart.
The source and motor of my heart, my Dear, you`re charming and unique
Let me caress your tender cheek.
Let me caress your tender cheek.
- 2.** Every morning I look pleased, when I`m awakened by your kiss.
Your stretching and sweet yawning I won`t miss.
You stand up quickly, prepare the breakfast, boiling tea
for you and me.
You slip into your dress,
you look pretty I confess, facing you I get weak.
II: Let me caress your tender cheek. :II

Interlude: F G – a – F G – A4 A – d C – G – F G – C – F G – a F – C – G

- You are the only one for me,
the fulfilling of all my dreams,
a gift of heaven sent to me,
Paradise has sent a gleam.
- 3.** If I`m in foreign countries, all my thoughts turn around, my dear.
When we`re disjoined, we`ll never see again, is all my fear.
I just can`t wait to hold you tight again with open arms,
when you are spreading all your charms,
electrifying all the air.
I`m enchanted, I declare. You`re adorable and unique.
Let me caress Your tender cheek.
Let me caress your tender cheek.
