

I NEVER CALL INTO QUESTION

Prelude: e G - A - e G - D - e G - A - e G - A - e - e

1. I never call into question my own thoughts, my acts and words.
I don't need their suggestions, my ideas I will assert,
if people want to convince me, that I am truly wrong.
You can believe me, my assertiveness is strong.

2. I don't know of any concession, I always go straight ahead.
I don't know of any oppression, I never throw my hat.
I hate to lose, I always try my best to fight and win.
You'll never see me sigh, my nerves are not thin.

Interlude: e - e

3. Don't like to be defeated, I never will give up.
Challenge, yes, I need it, I'm sure, I will win the cup.
I try to avoid the failing, prefer the victor's side.
All my strength availing, I will win my fight.
4. But sometimes I start to reflect, is life on earth a game?
Which aspects do I neglect? Does it make sense to strive for fame?
Are there any higher values that are worth working for?
When luck fades, who will tell you, where to find the right, helpful door?

Afterlude: e G - A - e G - D - e G - A - e G - D
