

# I AM, WHO I AM

Prelude: C - F - C - F - C - G4 G - C4 - C

1. I am, who I am, the first last source,  
There`s nothing in the world but me.  
I formed the universe, the endlessness,  
all of nature and the humanity.

I am the spirit and the force.  
By creating all the energy  
and heaven`s blissfulness,  
Everything once again comes back to me

2. Nothing on earth stays in the long run,  
they develop purposefully and perfectly.  
The elemental force keeps in motion everything  
that represents the origin and the end,

all things grow, all processes go on;  
Everything is geared towards eternity.  
and carries life on golden wings  
forgetting nobody for the longed-for land.

Interlude: C G - C - G D - G - C F - C G - a d - G4 G

3. And you, my dear, come from this source,  
My likeness, my joy, my child, my dear,  
But if you would really recognize me  
you belong to me and you will come back again

as does your neighbor and everyone else, of course.  
trapped in time and space feeling joy and fear.  
and overcome your fear, then you will see  
as heaven`s holy citizen.
