

I`M BORN TO FIGHT

Prelude: II: C - G - C - e - C - G - D4 D :II

1. ^e ^G **Mighty mountains in front of me**
^C ^G ^{D4 D} **So many stones layed upon my way.**
^e ^G ^D **And there was no one, who cared form me.**
^C ^G **I never thought on any flight.**
- and there was no end I could see.
I stepped and struggled most every day.
I`d been lonesome, but I had been free.
I will resist, I`m born to fight.
2. **And now you`re gone, though we have had**
We walked together just hand in hand.
Now you prefer the other one,
But I`ll get through, my tears I`ll hide.
- so happy hours and we felt glad.
So many things we both had planned.
ans I don`t know, what I have done.
I won`t get down, I`m born to fight.
3. **I left my job, `cause I`m getting old.**
Before some years I had lost my friend.
I don`t know what the future will bring.
The fade`s unknown, but deep inside
- They`d got to change things like they told.
The cancer won and he found his end.
But I`ll get answer on any thing.
I feel my strongness, I`m born to hide.
